**Three easy visits to a beautiful, natural smile!
Schedule today! 216-236-6300**

Improve your dental health with implants

- **EAT** – Your favorite foods without hesitation unlike removable dentures that can feel uncomfortable.
- **SPEAK** – Improve your speech with dental implants that function as your natural teeth, with no adjusting.
- **AESTHETICS** – Preserve your natural face shape and smile – missing teeth can cause your face to sag and appear sunken.
- **RELIABLE** – Implants are more predictable than other restorations including bridgework and removable appliances (dentures and partials).

More affordable than you think. As low as:

\$75/month*

Dental implants are right for you if:

- ✓ You are missing one or more teeth
- ✓ Have a bridge that needs to be replaced
- ✓ Your denture is slipping, clicking or keeps you from eating what you want
- ✓ You experience bite problems or pain from a missing tooth
- ✓ Want a permanent long-term solution to missing teeth
